AGUINALDO'S APPEAL.

Urges the Powers to Recognize Filipino Independence.

PAPER ISSUED FROM TARLAC.

All the Foreign Consuls at Manila Receive Copies With Requests to Forward to Their Home Governments.

Manilla, Aug. 8.—Aguinaldo has appealed to the powers for "recognition of Filipino independence," in a document dated from Tarlac, July 27, and signed by Buenacampo. It has been received by all the foreign consuls in Manila with the request that they forward it to their respective governments.

The Filipinos use their old argument that they had conquered the sovereignty of these islands from Spain before the signing of the treaty of Paris, and therefore Spain was in no position to cede them to the United States. They argue that the possession of 7,000 of the Spanish prisoners captured with their arms, fighting against the Filipinos, "is eloquent proof of the nullity of Spanish sovereignty, as when they surrendered Spain's hold was irrevocably lost." The document then says:

"Replying to the Spanish commission's requests to release the prisoners, because Spain no longer has political interests in the islands we asked for a treaty of peace and friendship between Spain and the Filipinos, whereby the prisoners would be released. But the commissioners refused because it would mean recognition of our independence. This is equivalent to saying that the prisoners must remain in our hands indefinitely, because their possession is our most efficacious method to adjust our account with Spain and obtain her recognition of our independence."

Claims of Filipinos.

The Filipinos claim that they conquered all the country except Manila, and that they co-operated in securing the latter's capitulation by surrounding it at the cost of thousands of lives. They also claim they conquered the country unassisted except for sixty guns that Admiral Dewey gave Aguinaldo, and that Admiral Dewey and the British and Belgian consuls recognized the Filipinos' sovereignty by asking permission to visit the country. They repeat the claim that they have letters from American consuls and generals recognizing their sovereignty and promising that the Americans would recognize their independence, "which was at the disposition of the powers."

The Filipinos attempted to make capital of the statement that Admiral Dewey had such confidence that Aguinaldo would observe and fulfill the rules of war that he gave him a hundred Spanish prisoners which the American navy had captured.

Finally, the Filipinos appealed to the powers to influence Washington to bring to a termination the "unjust war which is devastating the country."

Officials Not Worried.

Washington, Aug. 8.—The state department is entirely without information as to any address by Aguinaldo to foreign powers for the recognition of the Filipinos, either as belligerents or as constituting an independent government. The appeal is looked upon, however, as creating no particular change, as it has been the desire of Aguinaldo and his associates from the first to secure such recognition. The appeal puts this desire into rather formal shape, and it may bring to an issue the attitude of outside governments. There is no apprehension, however, that any foreign government will heed the address.

RAN FOR THEIR LIVES.

A Storm of Shells Rained on Paete Without Warning.

Manilla, Aug. 2, via Hongkong, Aug. 8.—The gunboat Napidan last week shelled Paete, on the lake, near Santa Cruz. The town was full of people who had been encouraged to return after General Lawton's expedition, having been assured that they would not be molested if they peacefully attended to their business. Lieutenant Copp, who was in command of the Napidan, heard the insurgents had reoccupied the town, and steaming close in and opened fire with his six-pounders without warning. The people, seeing the boat approaching, fled to the hills in a terrified condition and with barely time to escape. One child was killed. The authorities express great regret on account of the incident.

After the taking of Calumbia by the Americans, General Lawton ordered that Captain Otis of the Washington regiment be relieved of his command

and placed under arrest on account of slowness and seeming reluctance of the companies under his command in obeying the order to disembark from the cascos and wade through the marshes under fire.

The men say that a majority of them have been sick and unfit for duty, and were given to understand that they would not be asked to do any more fighting.

SOLDIERS WITHDRAWN

No Further Trouble Anticipated in Cleveland.

Cleveland, Aug. 8.—The last company of militia left the city, the authorities having decided that there is little probability of any further trouble in connection with the streetcar strike.

So far as the strike itself is concerned there is not the slightest sign that it is any nearer a settlement than when it was inaugurated.

As a result of the organized fight against the boycott by the wholesale and retail merchants it is rapidly losing its effectiveness and will in the course of a couple of days be a thing of the past. The Big Consolidated continues to operate all of its lines with non-union men, the cars in many cases being well filled with passengers.

Brutal Assault.

Chillicothe, O., Aug. 8.—To escape summary treatment at the hands of an enraged mob, William Edwards, a young colored man, was hurried to this city and lodged in the county jail for safety. Edwards lives at Bainbridge and is accused of criminally assaulting a little 4-year-old girl named Elliott. The circumstances of the assault were particularly brutal.

Another Klondike.

Batavia, O., Aug. 8.—Gold has been found in what is thought to be paying quantities at North Liberty, 20 miles east of this place. The gold quartz was found yesterday in the quarry at that place by the workmen under a ledge of rock 15 feet below the surface.

Removal and Appointment.

Columbus, O., Aug. 8.—The mayor removed Joseph W. Dusenbury as director of public safety and appointed Oliver M. Evans to the vacancy. At an adjourned session of council Mr. Evans' bond was approved.

New Incorporations.

Columbus, O., Aug. 8.—The Citizens' Savings and Loan company, Dennison, capital stock \$500,000; the German Labor Aid Society, Fremont.

Crossing Fatality.

Blanchester, O., Aug. 8.—Samuel Whittacre, 43, a married farmer, was killed at the B. & O. S. W. railroad crossing at Windsor.

Strike Threatened.

Cleveland, Aug. 8.—A strike of all the cloak pressers in the city numbering several hundred men, is threatened.

Curfew at Canton.

Canton, O., Aug. 8.—Canton council passed a curfew ordinance.

He's All Right.

Naples, Aug. 8.—Admiral Dewey exchanged visits with the general commanding the army corps here. In an interview Admiral Dewey said: "I do not desire fetes or demonstrations at home. It is enough for me that my country knows I did my duty as a soldier."

Mine Explosion.

Scranton, Pa., Aug. 8.—An explosion of gas in the Pine Brook colliery of the Scranton Coal company seriously burned five men. The explosion was caused by a miner's naked lamp. The force of the explosion was so great that one miner was carried up 150 feet.

On the Ragged Edge.

Philadelphia, Aug. 8.—The inquest into the death of Charles A. F. Auterith, the supposed wealthy banker who committed suicide on last Friday by shooting himself, disclosed the fact that he was on the verge of financial ruin.

Fleet of Yachts.

New London, Conn., Aug. 8.—The fleet of the New York Yacht club lies off the Pequot house ready to start on its annual cruise. One hundred and three captains responded when the names of their yachts were called on board of the flagship Corsair.

Soldiers From Fortress Monroe.

New York, Aug. 8.—The government transport McClellan arrived at Plum Island with another detachment of the garrison of Fortress Monroe, which is being sent to Plum Island on account of fever prevailing at Fortress Monroe.

No New Case.

Washington, Aug. 8.—Official advices from Old Point and Hampton, Va., to the Marine hospital service state that no new cases of yellow fever have occurred in that vicinity since the one reported at the Soldiers' home Monday, and that there have been no deaths.

CROSSED THE BORDER.

Dominican Insurgents In Possession of Town of Dajabon.

GARRISON FLEE TO THE FORT.

The Place Deserted by the Foreign Population—Measures Taken to Prevent the Landing of Jimenez.

Port-au-Prince, Hayti, Aug. 8.—The revolutionary Dominican troops, which assembled at Ouanaaminthe, have crossed the frontier and have taken possession of Dajabon. The garrison at that place retired to Fort Belair, a strategic position commanding the town. The foreign population and the Haytian consul left the place.

It is considered probable that Jimenez, the leader of the revolution, will attempt to make a landing on the island shortly in order to join the revolutionary troops at Dajabon and take direction of the movement. The Haytian government is taking measures to prevent Jimenez from landing in its territory.

NEELEY'S VIEWS.

Airs His Opinion on Matters of Interest to Cubans.

Washington, Aug. 8.—Charles F. Neeley, director of finance for the post-offices of Cuba, had a long conference with Acting Postmaster General Heath. He said to a reporter that the Cubans were much pleased with the new post-office system, which was improving daily.

He thought it was a mistake to have military men govern the Cuban people. He had a high admiration for General Brooke and General Ludlow, but they were not well fitted to handle municipal affairs. Nevertheless the city of Havana showed a great improvement in sanitary conditions and as a result there were only two deaths from yellow fever in July, as against 300 for the same month in 1898.

As to annexation, he added, the Spaniards are in favor of it, although the richer Cubans did not seem to be.

War the Natural Outcome.

Louisville, Aug. 8.—At the meeting of the independent distillers of Kentucky a committee of seven of the most prominent distillers present was appointed with John P. Pogue of Maysville as chairman to draw up a letter to be sent to the Kentucky Distilleries and Warehouse company asking for a conference in regard to limiting the production in this state from three to five years. Many of those in a position to know say that the trust will never consent to any sort of an agreement with the independent people, and that a war between the opposing interests seems to be the only natural outcome.

Suspicious Shipment.

San Francisco, Aug. 8.—The City of Peking, which sailed for Hongkong by way of Honolulu and Yokohama, took among her cargo 321,440 pounds of shot, the first shipment of the kind ever made to Japan. In addition there were 107,650 pounds of pig lead and 34,758 pounds of sheet lead. Just to what use this rather unusual shipment is going to be put is not known, but suggestions have been made that it may be intended to smuggle into Manila for Aguinaldo and his army.

Autocar Company Formed.

Pittsburg, Aug. 8.—The Autocar company has been formed and an application will be made for a Pennsylvania charter. The capital stock, it is said, will be \$1,000,000. It is the intention of the company to absorb the Pittsburg Motor Vehicle company and manufacture automobiles on a large scale. The company expects to be ready to manufacture 10 complete automobiles daily after January 1 and employment will be given to about 500 men.

Shoe Combine Next.

Philadelphia, Aug. 8.—Shoe manufacturers representing Cincinnati, Washington, Baltimore, Philadelphia, New York, Boston, Rochester, N. Y., and Lynn, Mass., met here to consider the advisability of forming a national organization. The Cincinnati representatives are the leaders in the movement and this is the third attempt to bring such a body into life.

Hurricane in West Indies.

Washington, Aug. 8.—Telegraphic communication cut off east of Santiago, Cuba. Hurricane center apparently moving toward Porto Rico.

Arrived From San Juan.

New York, Aug. 8.—The United States transport McPherson, Captain Byrne, arrived from San Juan with 53 passengers.

PIAZZA CONFERENCE

Held by Augustus Van Wyck and Other Prominent Democrats.

New York, Aug. 8.—Joseph J. Willitt, of Alabama, the head of the contingent of southern Democrats promoting the presidential boom of Augustus Van Wyck, and who was expected to arrive in Saratoga on Friday next, telegraphed from Anniston, Ala., that he was delayed by ~~le~~ business and could not reach here until August 14.

A piazza conference was held at the Grand Union hotel between Augustus Van Wyck, William F. Harry of Pennsylvania, ex-chairman of the Democratic national committee; "Free" Rasin of Baltimore, Fleming Dubignon of Georgia, Judge Ralph Walker of Georgia, Colonel Joseph Clark of California, Colonel William H. Jackson of Tennessee, Colonel "Dick" Bright, sergeant-at-arms of the United States senate, and James Shevlin of Brooklyn.

It was noticed that none of the Tammany people were in the conference. The general trend of the conversation related to the gain in strength of Van Wyck, the numerical showing he was likely to make in the Democratic national convention and the rapidly increasing anti-Bryan sentiment that was spreading over the country. Reference was made to the apparent fact that 16 to 1 is a dead issue.

It is understood that the Van Wyck following will hold a regular conference as soon as Mr. Willitt arrives.

Otis Cablegram.

Washington, Aug. 8.—The following cablegram has been received from General Otis: "Three days' typhoon, rendering work on bay impossible, passed 6th instant. Transport Pennsylvania leaves Iloilo, Cebu, this evening; Sheridan, with Minnesotas, South Dakotas and discharged soldiers, for San Francisco 11th instant; Valencia and Zealandia, when coaled, requiring 10 days' good weather, leave with Montanas and discharged men. Suggest portion transports coal at Nagasaki, both coming and returning; expedite business here, where facilities for loading and unloading vessels are primitive."

Smallpox on Board.

New York, Aug. 8.—When the Red Star Line steamer Kensington, Captain Dann, arrived here from Antwerp, her captain reported to the health officer that Shel Medlinka, a boy 12 years old, steamer passenger, had developed smallpox on July 29 and was immediately isolated in the steamer's hospital where every precaution was taken to prevent a spread of the disease. Health Officer Doty decided to detain the Kensington until he could determine the probable exposure of the passengers and crew to the infection.

Death of Governor Atkinson.

Newman, Ga., Aug. 8.—Former Governor W. Y. Atkinson died at his residence at 8:52 a. m. He had been ill for 10 days and his physicians gave up hope for his recovery several days ago. Governor Atkinson was one of the leaders of the Democratic party in this state. During the Spanish-American war Governor Atkinson took great interest in the organization of volunteer regiments for service and obtained many concessions from Washington for the Georgia soldiers.

Will Be No War.

London, Aug. 8.—Joseph H. Choate, the United States ambassador to Great Britain, was interviewed in regard to the recent "war or arbitration" speech delivered by Sir Wilfrid Laurier, the Canadian premier. He said: "There will be no war. It is safe to say that no amount of politics or politicians in either country could occasion war in this connection."

The Sun Strike Still On.

New York, Aug. 8.—According to a bulletin issued at the headquarters of Typographical Union No. 6 the strike of the printers, pressmen and stereotypers had returned to work. This statement was not denied by the officers of the "Big Six," who say the men returned to induce all employees in the Sun composing room to quit, if they could.

Coroner's Verdict.

Bar Harbor, Me., Aug. 8.—The coroner's jury impaneled to hold an inquest in connection with the accident at Mount Desert ferry Sunday, whereby 20 persons lost their lives by the breaking of the ferry slip, completed its sitting, finding that "these people came to their deaths by drowning caused by the insufficient construction of the slip."

Delegates Appointed.

Washington, Aug. 8.—The state department is informed that delegates have been appointed by the governments of the colonies of Victoria, Queensland, New Zealand and South Australia to represent them at the international commercial congress to be held at Philadelphia in October next.

IN SECRET SESSIONS

Is the Trial of Captain Dreyfus Conducted at Rennes.

LARGE CROWDS ASSEMBLED

To Catch a Glimpse of Famous Prisoner—Letters of a Threatening Nature Received by Madame Dreyfus.

Rennes, France, Aug. 8.—The secret sitting lasted until 11:45 when the court adjourned.

The day thus far passed quietly. There was a much bigger crowd than yesterday assembled in the hope of obtaining a glimpse of Dreyfus during the few seconds occupied by him in crossing the Avenue de la Gar on his way back from the Lycee to his prison. Maitre Labori talks with remarkable freedom. He was asked: "Do you feel quite sure of victory this time?"

"Yes, entirely," he said confidently. "The judges are already assured of Dreyfus' innocence. Only old Colonel Jouaust seems—seems, shall I say—afraid lest he appear prejudiced. So he appears unnecessarily harsh toward Dreyfus."

"How long will the trial last, do you think?"

Labori shrugged his shoulders. "Anywhere from eight days to three months. I have no idea what tactics this government's commissioner intends to adopt. I am not in his confidence. All these fine soldiers keep as much from me as they possibly can."

Mme. Dreyfus was not in court because of the increasing number of anonymous threatening letters she daily received. Her villa is now protected night and day by an increased force of gendarmes.

Demange, one of Dreyfus' attorneys, says that he is convinced the examination of the much talked about secret dossier—the war department's mysterious budget of documents on which Dreyfus was condemned five years ago—will not require more than two sessions. He says:

"As soon as they exhibit the documents we will puncture their famous secret dossier, and it will be shown that there is nothing in it. Colonel Jouaust knows it. That is why he ordered secret sittings until further notice instead of for four days, as was recommended by Major Carriere."

The general impression is that both Carriere and Jouaust made a bad debut. Then the anti-Dreyfusites are dissatisfied. They are heard on all sides saying that it is a trick of the government to put such a ridiculous person as Carriere in charge of the prosecution.

Not So Confident.

New Orleans, Aug. 8.—Marquis Camillo de Romano left for Washington, D. C. He was sent here as an envoy extraordinary from the Italian embassy in Washington to investigate the lynching of the five Italians at Tallulah. Marquis Romano goes back with a lot of papers and statements. He took considerable evidence in Vicksburg as to the citizenship of the five men, and according to his evidence, they were all loyal subjects of King Humbert. When he visited Governor Foster, however, and found in the executive mansion the court documents from Madison parish showing when and where three of them were naturalized and took the oath of allegiance to the United States, things looked a little different and Marquis Romano was not so ~~sure~~ about his evidence gathered in Vicksburg.

Murderer Hanged.

Erie, Pa., Aug. 8.—Edwin D. Heldier was hanged in the county jail here. He met death without fear. The crime for which Heldier was hanged was the killing of his brother-in-law, Levi Kreider, on May 1, 1896, by shooting him through the heart. He was arrested, but escaped, and after eight months was recaptured at Anderson, Ind. Strenuous efforts were made to save him without avail.

Husband Arrested.

New York, Aug. 8.—Mrs. Annie Kronman, who was found unconscious at her home in this city with two wounds in her head, which had been inflicted with a hatchet, died in Roosevelt hospital. Nathan Kronman, her husband, who was arrested as a suspicious person, was remanded in court by Magistrate Meade.

WHY HE IS A DEMOCRAT.

Hon. Champ Clark, member of Con-
 gress from Missouri, in response to an
 inquirer, gives the reasons why he is a
 Democrat, viz:

I am a Democrat because the princi-
 ples of Democracy constitute the essence
 of government of the people, by the peo-
 ple and for the people.

Democracy is the only hope of consti-
 tutional government on this continent
 and throughout the world.

Democracy means the least quantity
 of government compatible with the
 maintenance, well being and progress of
 society.

Democracy means a return to the sim-
 plicity of the fathers in official station.

Democracy is the only firm and con-
 sistent foe of socialism, paternalism, an-
 archy and class legislation.

Democracy means the political equal-
 ity of all men, and that one set of our citi-
 zens shall not be enriched by legisla-
 tion to the impoverishment of all others.

Democracy means perfect honesty and
 strict economy in the public service—less
 taxes and more money—to the end that
 the condition of the toilers of the land
 may be bettered.

Democracy means Jefferson's wise and
 successful foreign policy—peace, com-
 merce and honest friendship with all na-
 tions, entangling alliances with none.

Democracy means a restoration of the
 American flag to the rich empire of the
 high seas, from which it has been ban-
 ished by the greed, stupidity and malad-
 ministrations of the enemies of Demo-
 cracy.

Democracy means freedom of con-
 science, freedom of speech, freedom of
 the press and freedom of the ballot, and
 holds as among the highest crimes any
 interference with or coercion of the
 suffrages of the people.

Democracy means an enlargement and
 enforcement of the Monroe doctrine un-
 til it shall become an irresistible power
 among all the nations of the earth.

Democracy means that all govern-
 ments must respect our flag and the in-
 violability of our citizens wherever they
 may sojourn or whithersoever they may
 travel until the sentence, "I am an Amer-
 ican," shall become a safer passport than
 was the far famed "Romanus Sum."

A Narrow Escape.

Thankful words written by Mrs. Ada
 E. Hart, of Groton, S. D. "Was taken
 with a bad cold which settled on my
 lungs; cough set in and finally termina-
 ted in consumption. Four doctors gave
 me up, saying I could live but a short
 time. I gave myself up to my Savior,
 determined if I could not stay with my
 friends on earth, I would meet my absent
 ones above. My husband was advised to
 get Dr. King's New Discovery for con-
 sumption, coughs and colds. I gave it a
 trial, took in all eight bottles. It has
 cured me, and I thank God I am saved
 and now a well and healthy woman." Trial
 bottles free at J. Jas. Wood's drug
 store. Regular size 50c. and \$1. Guar-
 anteed or price refunded.

THE LATE JUDGE WHITAKER.

Resolutions of Respect Adopted by Direc-
 tors of Bank of Maysville—Action
 of the Bar—Honors of Fu-
 neral Changed.

At a meeting of the Board of Directors
 of the Bank of Maysville, held August
 8th, announcement was made of the
 death at his home near this city of Hon.
 Emory Whitaker, one of the directors of
 the institution; whereupon the following
 was adopted:

Hon. Emory Whitaker, whose decease has just
 been announced to us, was the last of the origi-
 nal Board of Directors of this bank. In review-
 ing these years it gives us pleasure to bear wit-
 ness to the faithful service he has rendered to
 the stockholders as a director; He has been true
 to the interests of the bank, whilst uniformly
 courteous and considerate toward its officers and
 patrons. He has been in full sympathy with the
 policy and management of the institution. In
 all of our counsels he has shown himself anxious
 to promote the success of the bank, and at the
 same time to shape its policy so as to make it a
 valuable factor in the business interests of this
 community.

Judge Whitaker was a man of pure life and
 generous impulses, devoted to his family and
 true to his friends. His public career in this
 county, as a prominent attorney, and as a Judge
 and Legislator is known to all and has been
 justly and suitably recognized by the meeting of
 the bar. To all these testimonies of his neigh-
 bors and fellow-citizens, we desire to add our
 own estimate of him in the relations we have
 borne together.

It is directed that a copy of this minute be
 sent to the widow and family of Judge Whitaker,
 with the expression of our profound sympathy
 with them at this time.

At the meeting of the Mason County
 Bar Tuesday afternoon to take action on
 Judge Whitaker's death, Mr. Thomas A.
 Respass was elected Chairman and Mr.
 James H. Sallee, Secretary. On assum-
 ing the chair Mr. Respass delivered a
 brief and very touching tribute to de-
 ceased, and the members of the bar re-
 quested that he publish it in connection
 with the resolutions. Mr. Respass, Mr.
 Sallee, Judge Coons, ex-Senator Worth-
 ington, Judge Phister and Mr. James N.
 Kehoe were appointed a committee to
 prepare the resolutions and report at a
 meeting of the bar this afternoon at 3
 o'clock. The bar then adjourned to
 meet again at the hour named.

The hour for Judge Whitaker's funeral
 has been changed, and it will take place
 Thursday at 2 p. m. instead of at 10 a. m.
 as first announced. The service will be
 held at the family residence.

WEEKLY CROP BULLETIN.

What the Weather Bureau Says of the Out-
 look in Kentucky—Corn and To-
 bacco Greatly Improved.

The first part of the week was very hot
 and dry, but the latter part cooler with
 good showers. The rainfall was rather
 unevenly distributed, but nearly all parts
 of the State received enough to improve
 the condition of crops very much. Some
 localities in the eastern part of the State
 still complain of drouth, but the reports
 generally from all over the State have a
 very cheerful tone.

Corn and tobacco have improved won-
 derfully. Some early corn was too severely
 injured by the drouth to amount to
 much, but the greater part of the early
 corn now promises fair; late corn is gen-
 erally in excellent condition. There is
 considerable complaint of tobacco worm,
 but tobacco in most localities is doing
 well and the outlook is satisfactory.

Irish and sweet potatoes have improved
 and will be better than was expected.
 Gardens and pastures show great im-
 provement. Plowing for winter wheat
 is progressing well.

Electric Park.

Quite a large crowd gathered last night
 at this popular place of amusement to
 enjoy the double program offered. The
 Maysville Orchestra carried out its part
 in fine form. The selections were par-
 ticularly happy, and each number was
 rendered in a delightful manner.

Miss Beckett's dancing was up to its
 standard, as was Mr. Whyte's rendition
 of his own ballads, and their clever
 double turn made quite a "hit." The
 Eldons furnished much amusement to
 the patrons in their "Trouble in a Chinese
 Wash House." Their shadowgraphs clos-
 ing the performance were well received.
 Let everybody come out to-night.

On account of Democratic convention
 at Lexington, the Louisville and Nashville

 the attendance good throughout. All

 that a number of private parties contem-
 plate leasing lots on the grounds and
 erecting their own cottages.

The Tomato as a Tonic.

According to the North American
 Practitioner, Dr. True, of Philadelphia,
 has made quite extensive experiments
 with the juice of the tomato for the
 purpose of discovering its virtues as a medi-
 cine. Dr. True's investigations have led
 him to adopt the juice of the tomato in
 cases in which the blood needs toning up.
 The United States Government and the
 German Government have also made
 experiments and many facts of interest
 have been discovered. During the recent
 war with Spain the juice of the tomato
 was utilized extensively as a health pre-
 servative among certain bodies of troops,
 with results which were eminently satis-
 factory.

MRS. JANE GROVES,

One of the County's Oldest Residents, Passed Away Tuesday Morning at Mayslick—Funeral This Afternoon.

In the death of Mrs. Jane Groves, which occurred Tuesday at Mayslick, one of the oldest residents of the county passed away. She was taken ill last Friday, and owing to her advanced age sank rapidly, the end coming Tuesday morning at 7 o'clock.

Frances Catherine Jane Kercheval was a daughter of John and Jenny (Berry) Kercheval and was born in this county April 18th, 1807. Her parents were among the early settlers of the county, and she was the youngest and last surviving member of a family of thirteen children. Her husband Edward Groves died in 1833, leaving her a widow at the age of twenty-seven. Of the two children born to them, Mrs. Fannie Chinn, of Mayslick, survives. The other Mrs. Felicite Pogue, wife of the late Frank Pogue, died a few years ago.

The funeral takes place this afternoon at 2 o'clock at the Mayslick Christian Church of which she was one of the oldest and most faithful members. Burial in the cemetery at that place.

Superior and Kentucky DISC DRILLS

Are King and Queen of all Drills. Their superiority over all competitors are too well known to need comment. It is to say the least, the best of the past season and have yet the first complaint from a single purchaser. On the other hand every one who used them stand ready and willing to give their testimonial as to the superior work done by them, and their unanimous verdict is if you expect to purchase a Drill this season, get either the

SUPERIOR OR KENTUCKY

and no other. Do not delay placing your orders and there will be no disappointments, as is the case each season when we are forced to resort to the river and express, which makes an additional expense. Every Drill is warranted to be just as represented. Do not allow yourself to be talked into buying some inferior Drill for the sake of saving a few dollars. Remember the cheapest is not the best, but the best is always the cheapest. Respectfully,

FLEMINGSBURG OIL.

A Test Made by Mr. J. C. Pecor Shows It to be of a Very High Grade.

Mr. John C. Pecor, the druggist, made a test of the Flemingsburg oil this week, and the result shows that the old town well at that place, after supplying a fine article of drinking water for nearly a century, is now turning out a remark-ably high grade of oil.

Mr. Pecor was very particular in test-ing it and was surprised at the result. He found that it stands a flash test of 142° and a fire test of 172°. This flash test is about 32° and the fire test 42° higher than the Kentucky law requires. The very finest grade of oil produced by the Standard Oil Company bears a fire test of 175°—only three degrees higher than the Flemingsburg oil.

Sealed bids will be received by the undersig-ned until 10 a. m., August 12, 1899, for building a new Frame School House in District No. 3, Mason County, Ky. Plans and specifications can be seen at my home near Fern Leaf.

HENRY NORRIS, Chairman Board of Trustees. Postoffice address, Fern Leaf, Ky.

A HEADQUARTERS detective is inves-tigating a case which is not only pecu-liar but pathetic. The story was re-ported by Miss Kittie Turner, the charm-ing young daughter of George W. Turner, deceased. At the time of his death Mr. Turner held the position of assistant city chemist. He overworked himself during the recent smallpox epidemic and finally contracted a cold, which resulted in his death. Naturally his death was a great shock to his widow. Some two years ago Mrs. Turner gave a tinsy photograph of her husband to one of those "photo en-larging" companies. It was the best pic-ture she had of her husband. When she received the enlarged picture she was not satisfied with it and returned it. Since then she has been trying to secure the tinsy without avail. It was not until after her husband's death that she made a decided effort to recover the tinsy, but the company paid no attention to her repeated requests. She wants the police to aid her in recovering the picture.

The above is taken from the Cincinnati Times-Star, and is verified every few days at our Studio. Moral: Don't give your orders to agents. Leave them at CADY'S ART STUDIO, where the original picture will be safe and the enlarged picture will please you.

JAMMED IN A TUNNEL.

Peculiar Accident on the Cincinnati Southern Road.

Somerset, Ky., Aug. 8.—Twenty-two freight cars furnished fuel for a smouldering fire in tunnel No. 4 on the Cincinnati Southern, and the company was obliged to operate passenger trains via Jellico and the Louisville and Nashville road.

The fire is the result of a rather peculiar railroad accident. Freight train No. 41, southbound, had passed Somerset, Ky., and reached tunnel No. 4. There were six loaded cars in the train of empties. One of these was a tank car containing oil and next to it was a car of naphtha. These cars were about in the center of the train and they were about in the middle of the tunnel when they exploded from causes not known. Instantly the tunnel was jammed.

The engine and a few cars in front pulled out of the tunnel in safety and a wrecking train was dispatched from Somerset, which pulled out the caboose and the uninjured cars composing the uninjured portion of the freight. Meantime the oil caught fire, but so tightly was the wreckage wedged that the fire smouldered.

The train crew escaped injury. It is expected the tunnel will be cleared before night. The 22 cars caught in the tunnel will probably be very near a total loss.

Arrests May Follow.

Paris, Aug. 8.—The Jour says there are grave contradictions in the evidence of General Mercier and former President Casimir-Perier before the court of cassation and understands counsel for Dreyfus are preparing a dramatic coup. Counsel propose, when the respective depositions are presented to the court martial, to charge either General Mercier or M. Casimir-Perier with perjury under article 127 of the military code. An arrest would then occur instantly, while the accused is still in the witness box.

"Wide-Open" Policy Caused It.

New York, Aug. 8.—Mr. Ross, counsel for the Mazet investigating committee, opened the session of the committee by stating that he would attempt to show by the records of the police department that there has been a large increase in the number of robberies and burglaries in this city recently, and that it is the result of what has been called the "wide-open" policy. Mr. Ross said it was impossible, owing to the lax methods of the police, to tabulate a list of the crimes committed.

Howison's Movements.

Washington, Aug. 8.—Rear Admiral Howison, of the South Atlantic station, who has circumnavigated Africa with his flagship, the Chicago, has cabled the navy department that he was leaving Capetown for Rio Janeiro via St. Helena.

New York, Aug. 8.—Monrado Jarconah, who killed his wife in Hoboken last May because she refused to live with him, hanged himself in his cell in the Jersey City jail with a rope made of strips torn from his underclothing.

Buffalo, Aug. 8.—A number of Western Union messenger boys employed in the down-town offices struck for an increase of pay. The boys claim that 170 messengers are out, but the officials say the number is very small.

WEDONIA.

Nice rain visited us Saturday and Sunday.

Mrs. Orta Bateman will visit friends here the last of the week.

Miss Carrie Long is the very pleasant guest of Miss Nanule Willett.

Miss Frances Reed is entertaining some of her lady friends this week.

Mrs. Sarah Strode and Miss Fannie Dixon, of Poplar Plains, are the guests of Mrs. Frank Jolly.

Instead of Mrs. Harkins leading the singing during the protracted meeting at Mill Creek, it will be Rev. Mr. Harkins, of Lexington Bible College.

Miss Amelia Hughes was born at Wedonia in the year of 1863; united with the Christian Church while very young and lived a very consistent Christian life. She was a very active worker in the Lord's Day school and was in her place at all times when her health would permit. About one year ago consumption laid its dread hand upon her and day by day consumed her, until on August 3rd the angels of God bore her spirit to the other shore, where she rests from her suffering and is at peace with her Savior. The funeral service was conducted by her pastor, Rev. John B. Jones, and a large concourse of people followed the remains to the grave, showing how dearly she was loved by all who knew her. The Rebekahs, of which she was an honored member, and the Odd Fellows, were present in a body; also the Ladies' Aid Society, and laid upon her coffin a beautiful floral tribute of their love. She leaves two brothers and three sisters, with a host of friends to mourn their loss. Truly their loss is heaven's gain. A good soldier has gone to her eternal reward. Sorrow seems light in the light of the Lord; Comfort is found in His life-giving word. Hope to the grief-stricken hearts he will send. Trust in the Savior, our Father and friend.

This is the season when subjects of hay fever are favored with many circulars announcing "cure cures" for that distressing disease. The latest is from a prominent druggist of Maysville. Temash is a euphonious name and if it will do all he claims he has something better than a Klondyke claim, and need not put up any more prescriptions; his fortune is made. Fall before last an agent of the celebrated Marchand lectured at Bayview, claiming that his peroxide of hydrogen and hydrozone were sure cures for hay fever and showing himself as a specimen. Last year Marchand himself lectured in Petoskey, said he did not claim to cure but to relieve so as to make the subject comfortable while using his remedies. His idea in regard to the histology of the disease will not do. He claimed that it was owing entirely to persons having similar environments. I have seen people from northern Minnesota, from the centers of all our big cities, from Georgia and Alabama, and they all tell you that they take it about the same time in the month of August. There is certainly a vast difference in their surroundings.
